

HOMEMADE CAT TREATS

Ingredients:

1 can salmon or sardines in oil,
drained (tinned fish with bones is
better for cats nutritionally)

1 egg

1 1/4 cups of flour, plus extra for
dusting

1/2 cup water

Dash of parsley

Equipment:

Food processor

Cookie cutters

Directions:

1. Preheat your oven to 175° C
2. In a food processor mix fish, egg, flour, water and parsley until it forms a dough. If the dough looks too sticky, add a bit more flour.
3. Dust a surface with flour and roll out dough to about one centimetre thick.
4. Use your special cookie cutter to cut out treats from the dough.
5. Bake for 20 minutes on a cookie sheet lined with parchment paper.
6. Let cool and serve to your very lucky cat.

Remember, these should only be used as a treat and should not replace a complete and balanced diet.
